Eleanor's tips:

"My tips on makeup are go easy on the blush, use a lighter on your eyeliner (it makes it softer and easier to put on) and BLEND your base to prevent a line."

"Always use liner on your lips and wear lighter shades during the day and darker shades at night."

"The one thing girls misconstrue about modeling is that it is all glam and about being beautiful, but it is not. Modeling is about selling a product, whether it is clothes, jewelry, or feminine products. It requires a lot more brain cells than people think. On the bright side it is a lot of fun, getting to meet new people, travel the world and make a lot of money. The most important thing to learn in this business is be able to accept rejection. If you cannot handle rejection, you will not make it in this business. Remember, even above that to have self confidence and like yourself. If you don't anybody else will."
